CELEBRATE 100

Celebrating our first hundred years...

Completed in 1910 the Pilgrim Memorial Monument commemorates the landing of the Mayflower in Provincetown Harbor. The Mayflower Compact, America's first democratic constitutional document, assuring equality and justice for all, was signed in Provincetown Harbor.

With its unparalleled views, the Monument is one of Americas most popular destinations for thousands of tourists. It has come to symbolize Provincetown and America's freedom.

...and charting our course for the future.

While celebrating our past, it is time to plan for the future, to ensure that the Monument will be preserved for generations to come. We invite you to guarantee our future through your support of Celebration 100.

Please join us on our journey as we commemorate the past 100 years and prepare to set sail for the next 100.

"We are a great nation because of the Pilgrims."

- John F. Kerry. His keynote address, Centennial of the laying of the Cornerstone- August 20, 2007
